

ASSISTANCE WORKFLOW

From a request to meaningful support

A transparent, accountable journey for every VGF assistance case.

Decision points · yes / no scenarios

- ? NEEDS INFO · Return to applicant**
Send a status and remark, collect the missing detail, then review again.
- ✗ NO · Rejected**
Close the request with a mandatory reason visible to the applicant.
- ✓ YES · Approved**
Create the ticket and auto-assign it by assistance category.

MVP guardrails

- Collect the minimum applicant details.
- Accept DOC, DOCX, PDF and images up to 5 MB.
- Do not request sensitive health information in this MVP.
- Keep internal notes separate from applicant remarks.
- Record key status and assignment events.
